

Teen Numbers: Tens and Ones Fix-It

Directions:

- Write your answers on the blanks.
- Some problems show a mistake. Fix the mistake, then tell how you know.

1. 1 ten and 4 ones make the number _____.

2. The number 17 has _____ ten and _____ ones.

3. Ben used 3 tens and 1 one to show the number 13. That is a mistake! Fix it:
13 has _____ ten and _____ ones.
Tell how you know.

4. Write the number that has 9 ones and 1 ten. _____

- 5.** Ana wrote 91. Dan wrote 19. The digits look the same, but the numbers are not! Write $>$, $<$, or $=$ in the blank:

91 _____ 19

- 6.** Mia has 1 ten and 6 ones. She writes the number 61. Find her mistake and fix it:
The number is really _____.
Tell how you know.
