What is verified

7 of 8 problems fully machine-checked against SymPy.

— marks an answer only you can judge — problem 8. The worked solution states what a correct response must contain.

Curriculum

Level: Kindergarten–Grade 1

K.CC.A.1 – *problems 4, 7*

K.CC.A.2 – *problems 1, 2, 3, 5, 6, 8*

Difficulty 1–4 of 5 across 22 tagged checks.

- 1.** Count forward along the number track 3, 4, 5, 6, —, —.

Solution: Point to each box and count on by ones: “3, 4, 5, 6 ...” The box after 6 is one more than 6, so it is

7

The last box is one more than 7, so it is

8

- 2.** Keep counting forward: 16, 17, 18, —, —.

Solution: Count on from 18. One more than 18 is

19

One more than 19 is

20

- 3.** Start at 38. Count forward and write the next three numbers.

Solution: Say “38” and count on by ones. One more than 38 is

39

One more than 39 is

40

(39 ends in 9, so a new tens group — the forties — begins.)

One more than 40 is

41

4. Hundred-chart row 41–50: fill the empty boxes after 43, after 46, and after 49.

Solution: In a hundred-chart row each box is one more than the box to its left. One more than 43 is

44

One more than 46 is

47

One more than 49 is

50

(49 ends in 9, so the fifties begin.)

5. Start at 59. Count forward and write the next two numbers.

Solution: 59 ends in 9, so the next number starts the sixties. One more than 59 is

60

One more than 60 is

61

6. Number track: 74, __, __, __.

Solution: Count on from 74 by ones. One more than 74 is

75

One more than 75 is

76

One more than 76 is

77

7. Hundred-chart row 81–90: fill the empty boxes after 81, after 84, and after 87.

Solution: Each box is one more than its left neighbor. One more than 81 is

82

One more than 84 is

85

One more than 87 is

88

8. Challenge. Start at 97, write the next three numbers, then circle the greatest number you wrote.

Solution: Count on from 97. One more than 97 is

98

One more than 98 is

99

One more than 99 is

100

(99 is the last two-digit number, so the count moves to one hundred.)

Circling task (instructor-judged): the student should circle **100**. When we count forward, every new number is greater than the ones before it, so the last number written is the greatest. Accept any clear mark around 100 only.
