

Counting Forward Practice

Directions:

- Read the starting number out loud.
- Count forward by ones and write each missing number.
- The number tracks and chart rows are there to help you see the counting order.

1. Count forward along the number track. Write the missing numbers in the empty boxes.

3	4	5	6	_____	_____
---	---	---	---	-------	-------

2. Keep counting forward on this track. Write the missing numbers in the empty boxes.

16	17	18	_____	_____
----	----	----	-------	-------

3. Start at **38**. Count forward and write the next three numbers.

38, _____, _____, _____

4. This is one row of a hundred chart. Each box is one more than the box before it. Write the missing numbers in the empty boxes.

41	42	43	_____	45	46	_____	48	49	_____
----	----	----	-------	----	----	-------	----	----	-------

5. Start at **59**. Count forward and write the next two numbers. Careful — a new tens group starts after 59!

59, _____, _____

6. Count forward along the number track. Write the missing numbers in the empty boxes.

74	_____	_____	_____
----	-------	-------	-------

7. This is another hundred-chart row. Write the missing numbers in the empty boxes.

81	_____	83	84	_____	86	87	_____	89	90
----	-------	----	----	-------	----	----	-------	----	----

8. Challenge. Start at **97**. Count forward and write the next three numbers. Then circle the greatest number you wrote.

97, _____, _____, _____
