

# Compare Sets by Counting On

*Which has more, how many more, and making sets equal*

**Directions:**

- Count each group of dots one at a time and write its number.
- To find *how many more*, start at the smaller number and count on to the bigger one. Each hop is one more.

**1.** Count each row. Write the numbers.

Row A: ● ● ● ●  
Row B: ● ● ● ● ● ●

Row A: \_\_\_\_\_ Row B: \_\_\_\_\_ Which row has more? Write A or B: \_\_\_\_\_

**2.** Count each row. Write the numbers.

Row A: ● ● ● ● ● ● ●  
Row B: ● ● ● ● ●

Row A: \_\_\_\_\_ Row B: \_\_\_\_\_ Which row has fewer? Write A or B: \_\_\_\_\_

3. These rows look different — but do they have the same number of dots? Count each row.

Row A: ● ● ● ● ● ●  
 Row B: ● ● ● ● ● ●

Row A: \_\_\_\_\_ Row B: \_\_\_\_\_ More, fewer, or the same? \_\_\_\_\_

4. Row A has 3 dots. Row B has 8 dots.

Row A: ● ● ●  
 Row B: ● ● ● ● ● ● ● ●

Count on from 3 to 8. Write each number you say on a hop line: \_\_\_\_\_  
 \_\_\_\_\_

How many more dots does Row B have? \_\_\_\_\_

5. Count each group. Write the numbers.

Array A: ● ● ● ● ● ● ● ●      Group B: ● ● ● ● ● ● ●

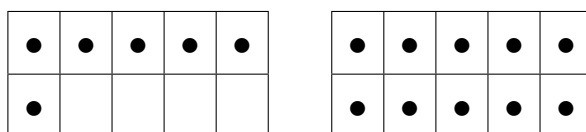

Array A: \_\_\_\_\_ Group B: \_\_\_\_\_ Which group has more? Write A or B:  
 \_\_\_\_\_

6. Ana has 4 grapes. Ben has 7 grapes.

Ana: ● ● ● ● Ben: ● ● ● ● ● ● ●

How many more grapes does Ana need so both have the same? \_\_\_\_\_

7. Two ten-frames. Count the dots on each, then count on from the smaller number.

The first frame shows 6 and the second shows 10. How many more dots does the full frame have? \_\_\_\_\_

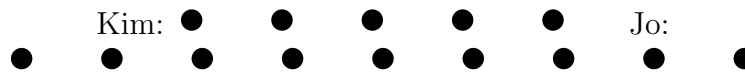

8. Count each group. Write the numbers.

Array A: ● ● ● ● ● ● ● ● ● ● ● ● Row B:

● ● ● ● ● ● ● ● ● ●

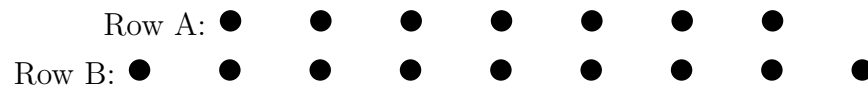

Array A: \_\_\_\_\_ Row B: \_\_\_\_\_ Which group has more? Write A or B:  
\_\_\_\_\_

9. Kim has 5 crayons. Jo has 9 crayons.

How many more crayons does Kim need so both have the same? \_\_\_\_\_

10. **Challenge.** Count each row. Then find how many more dots Row B has by counting on.

Row A: \_\_\_\_\_ Row B: \_\_\_\_\_ How many more in Row B? \_\_\_\_\_

Then say how you counted on — tell a grown-up or write it below.
