

Making Ten

Finding the missing part of ten, taking a part away from ten, and using ten to add a bigger number

How to use a ten-frame.

- A full ten-frame holds 10. A full top row holds 5.
- Count the dots you can see. Then count the empty squares. Those two numbers are the two *parts* of 10.
- To add a big number, first fill the frame to 10, then count on with whatever is left over.

1. This ten-frame has some dots. How many more dots would fill it to 10?

•	•	•	•	•
•				

$$6 + \underline{\quad\quad} = 10$$

Answer: _____

2. This ten-frame has 3 dots. How many more dots would fill it to 10?

•	•	•		

$$3 + \underline{\quad\quad} = 10$$

Answer: _____

3. A tower is built from 10 cubes. Nina takes 8 cubes off the top. How many cubes are still in the tower?

$$10 - 8 = \underline{\quad}$$

Answer:

4. Ravi has 10 stickers. He puts 7 of them in his left pocket and the rest in his right pocket. How many stickers are in his right pocket?

$$7 + \underline{\quad} = 10$$

Answer:

5. Ellie has 8 counters on her ten-frame and 4 more counters in her hand.

●	●	●	●	●
●	●	●		

in her hand: ● ● ● ●

- (a) How many of her counters does she need to fill the frame to 10?

Answer:

- (b) Now count on from 10. How many counters does Ellie have altogether?

Answer:

6. A carton holds 10 eggs. Dad uses 6 eggs to bake. How many eggs are left in the carton?

$$10 - 6 = \underline{\hspace{2cm}}$$

Answer:

7. The whole is 10. One part is 2. Fill in the other part.

whole: 10

part: 2	part: ?
---------	---------

Answer:

8. Solve $7 + 5$ by making a ten first.

●	●	●	●	●
●	●			

in her hand: ● ● ● ● ●

- (a) How many of the 5 are used to fill the frame to 10?

Answer:

- (b) What is $7 + 5$?

Answer:

9. There are 10 seats at story time.

(a) 4 children sit down. How many seats are still empty?

Answer: _____

(b) Then 3 more children sit down. How many seats are empty now?

Answer: _____

10. Put it together. Sam has 10 stickers. He gives 3 of them to a friend. Later his teacher gives him 6 new stickers.

(a) How many stickers does Sam have after he gives 3 away?

Answer: _____

(b) Now make a ten to add the 6 new stickers. How many stickers does Sam have in the end?

Answer: _____
