

Comparing Written Numerals 1 through 10

Kindergarten–Grade 1

Comparing numerals with symbols, choosing greater or less, ordering three numerals, and counting on before comparing

How to compare two numerals. Count up out loud: 1, 2, 3, ... The numeral you say *later* is the **greater** one. The open end of the symbol always faces the greater numeral.

Worked pattern. Compare 2 and 5. Counting up you say 2 first and 5 later, so 5 is greater and 2 is less: **2 < 5**. Read it aloud: “two is less than five.”

How every numeral on this sheet is read: a numeral farther to the right on the number line is greater. No problem values shown — use the numerals given in each problem.

1. Write <, >, or = in the box.

$$3 \quad \square \quad 7$$

Answer: _____

2. Write <, >, or = in the box.

$$9 \quad \square \quad 4$$

Answer: _____

3. Write $<$, $>$, or $=$ in the box.

$$6 \quad \square \quad 6$$

Answer: _____

4. Circle the numeral that is **greater**. Then write both numerals on the answer line, the greater one first.

$$8 \qquad 5$$

Answer: _____

5. Circle the numeral that is **less**. Then write both numerals on the answer line, the smaller one first.

$$7 \qquad 2$$

Answer: _____

6. Write $<$, $>$, or $=$ in the box. Careful — one of these numerals uses two digits.

$$10 \quad \square \quad 8$$

Answer: _____

7. Write these three numerals in order from **least to greatest**.

$$4 \quad 9 \quad 6$$

Answer: _____

8. Mia starts at 2 and counts on 3 more.

Mia's numeral is _____

Now write $<$, $>$, or $=$ in the box to compare Mia's numeral with 9.

$$\text{Mia} \quad \square \quad 9$$

9. Write these three numerals in order from **greatest to least**.

10 3 7

Answer: _____

10. Sam's numeral is 1 more than 6. Ana's numeral is 1 less than 9.

Sam's numeral is _____ Ana's numeral is _____

Now write $<$, $>$, or $=$ in the box to compare the two numerals.

Sam Ana
